

[Electronic Cricket Scoreboards](#) (ECS) offer a range of [LED cricket scoreboards](#) available to clubs of all sizes and levels.

From professional county cricket grounds to small village clubs, [standard](#), [conversions](#) of existing scoreboxes and [bespoke](#) electronic cricket scoreboards are available to enhance spectator enjoyment and the overall impressions of grounds.

Our technicians will happily survey any club's facilities and provide a tailored scoring solution to suit all requirements and budgets.

Services include the supply and installation of standard cricket scoreboards such as the [DC9](#), [DC15](#), [DC19](#), [DC22](#) and [DC28](#) as well as the upgrading of existing facilities by replacing the fascia and fitting the digits to an agreed layout.

ECS enjoys a strong reputation for delivering high-quality, reliable products, supported by first-rate service.

Please contact our sales office today for further information or book in a site visit to discuss your specific requirements in more detail.

[Custom Cricket Scoreboard - Design & Build](#)

We provide a full design and build service of existing score boxes and can also supply and install steel-framed wooden-clad structures as an alternative to the above boxed models.

We have carried out numerous installations on all shapes and sizes of box. Please visit our [website](#) to find a [scoreboard installation](#) near you.

- Free survey and scale drawing of agreed layout
- Choice of information
- Made to any size

The work involves:

- Removal of existing fascia and supportive woodwork
- Fitting of new supportive woodwork
- Fit new fascia using black multi wall ply board
- Fit components to agreed drawing
- Cut scorers hatch if required
- Supply basic training
